

Trauma Nurse + Trauma Registrar Network Meetings

2004 – 2005

Trauma Nurse + Trauma Registrar Network (TN+ TRN) is an informal organization of the trauma nurse coordinators, trauma registrars, and interested parties in the Washington State and Oregon State Trauma Systems.

We meet three times a year, at rotating sites. There is no cost to attend. TNRN meeting announcements and registrations form are sent out several weeks in advance to all trauma nurse coordinators and trauma registrars in Washington and Oregon.
